The screenshot displays the IBM Cloud user interface. At the top, a navigation bar includes the IBM Cloud logo, a search bar, and links for 'Catalog', 'Manage', and the user's account 'Nushrath Fathima's Ac...'. The main content area is titled 'NUSHU' and features a 'For you' section with several recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (15 min), 'IBM Cloud Migration Services' (5 min), 'Build a Virtual Private Cloud (VPC)' (7 min), and 'Get Started with IBM Cloud Object Storage' (2 hr). A sidebar on the left contains various service icons. On the right, a user profile dropdown menu is open, showing options like 'Profile', 'Log in to CLI and API', 'Privacy', 'Change theme', and 'Log out'. The bottom of the dashboard includes a 'News' section with a link to 'WebSphere Application Server Support Restatement' and a 'Planned maintenance' section. The Windows taskbar at the bottom shows the system clock as 23:47 on 12-11-2022.
